

# 8 reasons to choose LogRhythm

(straight from our customers' mouths)

# 1

## You'll stop the bad guys—those who are in and those who are trying to get in.

"We immediately found legacy systems that were attempting to access databases with outdated or removed credentials and were also immediately informed of several cases of low and slow attempts against our servers. We have continued to gain valuable insight into our network security and as a result, we are more confident in our ability to stop unwanted traffic."

—Chief Network Analyst, Higher Educational Institution

### Save time and resource drain.

"Instead of spending countless hours investigating a credit card theft, we are able to confirm if it was truly stolen in our system."

—IT Director, Food Products Company

# 72%

saw a significant impact on staff productivity.

# 2

"LogRhythm decreased our daily log analysis portion of our day from 2 to 3 hours down to less than 30 minutes."

—Security Officer, Large Enterprise Automotive & Transport Company

# 3

## It's easy to use.

# 61%

said that LogRhythm has a better user interface/experience than their previous solution provider.

"Very powerful. Easy to manage compared to other SIEMs."

—Security Officer, Large Enterprise Consumer Products Company

"LogRhythm is one of the easiest SIEMs to use with the most out-of-the-box features compared to other SIEMs."

—Engineer, Large Enterprise Real Estate Company

### Customer support is second to none.

"Deployment was smooth and easy; continuous support received is excellent."

—Security Officer, Medium Enterprise Financial Services Company

# 89%

said the level of support and services they receive is better than their previous solution provider.

# 4

"Support issues are handled in a timely manner and professional services are spot on."

—IT Systems Analyst, Hospitality & Recreation Company

# 5

## You'll see measurable return on your investment—fast.

# 84%

realized a positive return on investment within 12 months.

"We believe that the LogRhythm SIEM is one of the most comprehensive solutions in the industry at an entry price that most organizations can afford."

—Security Manager, Medium Enterprise Aerospace & Defense Company

### Our customers recommend it.

"The support is excellent."

—Security Officer, Large Enterprise Insurance Company

"I love it. From the logic of logs to events, the granularity I am offered—the PRICE!"

—Security Officer, Large Enterprise Insurance Company

"I would recommend LogRhythm because the product proactively supports multiple Operating Systems, has detailed reporting, and emerging security tool integration for incident response."

—Chief Security Officer, Large Enterprise Computer Services Company

"It's awesome."

—IT Architect, Large Enterprise Aerospace & Defense Company

# 6

86% of customers would recommend LogRhythm to a friend or colleague.

# 7

## You'll see immediate improvements in your organization's security. (And get a better night's sleep.)

"We have better visibility into multiple areas of our environment, and we're able to identify problems and incidents more quickly and easily."

—IT Architect, Medium Enterprise Industrial Manufacturing Company

"With LogRhythm we have more visibility into our infrastructure security. We improved our ability to anticipate and prevent the threat, helping us resolve a lot of security problems."

—IT Manager, State and Local Government

### Easily meet your compliance mandates.

LogRhythm is one of the best tools to support and meet the requirement of PCI auditing."

—IT Administrator, Large Enterprise Consumer Products Company
